

Reasons to choose us

Here's what schools say are the **Top 10** reasons for using Green Schools Online

1 Bespoke designs

It's important that your website is attractive, professional and reflects your schools' ethos and values. One that showcases the school and its' achievements. Only GSO offers such a bespoke service at such low prices.

2 Carbon Zero

Sustainability is increasingly important to everyone. Rest assured that both our activities in creating your website and its' ongoing operation are Carbon Zero.

3 Pricing

You need to ensure value for money, with no nasty extras and no silly charges for changing one word. Our pricing is transparent, up front and there are no hidden extras.

4 Support

Our support is simply the best. As the core of our sustainable relationships strategy, the success of your website is an absolute priority for us. Our support is unlimited, and you can talk to a real person on the phone.

5 Content Management

You want to be able to update your website with no special software and no special technical knowledge. Quickly and easily. It's so easy to update a GSO website, you could get addicted!

6 Advice

Our experts know a thing or two about websites. And many have also worked in Education. We can get your website off the ground with suggested menus and pages, helpful tips and will make the whole process as painless as possible.

The CMS is easy to master and enables even the most technophobic of staff to make updates. I would recommend the services of GSO because they are genuinely interested in giving you what you want.

Allerton Grange, Leeds

7 Photo Galleries

Our animated photo galleries are just brilliant! Batch upload 100 photos in one go and sit back and watch the slideshow or view thumbnails and jump around.

8 News and Diary

Add a diary or news event once and watch it display across the site in the latest news or latest events boxes.

9 Version Control

Don't you wish everything you did had a rewind button? Well, we can't help with your Friday night out, but you can change anything on your website and not worry about 'messing things up'. So experiment!

10 Flexibility

You name it, we're not phased by it. After all, it's your website.

11 No limits

Why enter into a limiting arrangement? You can create unlimited pages and (unusually for a CMS) unlimited menus. You can upload unlimited files, photos and videos.

Okay, so there's 11!

School Feedback

Redland Green Secondary, Bristol

“The website is **stunning**, the photo gallery is a lovely aspect - it made me smile! Thanks for all of your work to put it into place.

Lesley Evans, Assistant Headteacher”

Brompton Westbrook Primary, Kent

“The feedback from parents has been fantastic. They particularly like the **fresh look**, the news and the galleries. We uploaded photographs from a recent trip of the pupils to the website – parents, grandparents and friends loved this!”

Jon Carthy, Assistant Head Teacher

Farlingaye High Secondary, Suffolk

“Thank you for all your hard work, everyone here who has seen it is very **impressed**. I will certainly recommend you to other schools.”

Matt Smith, Head of ICT

St James Primary, West Sussex

“I can do newsletters and photos now and am **very pleased** with how easy they are.”

Michelle Clifford, Headteacher

Debenham High Secondary, Suffolk

“The new website is really **impacting** the school and we are able to see this from the extremely powerful Google Analytics site you provided with the service. Parents are looking at their letters section regularly and checking our diary events.”

Julie Norman, Office Manager

Northside Primary, London

“We really like it and are very happy with the design. I **recommend** Green Schools Online, and would be happy to talk to any school about the product and process.”

Amy Byrne, ICT Co-ordinator

Chew Valley Secondary, Bristol

“From our first contact with Green Schools Online we knew that we were in **safe hands**. Agreeing the design for the website was quick and efficient: they did all the work! The content editor is **easy to use** and to add picture galleries in just about two minutes.”

Gary Lewis, Deputy Headteacher

St Johns Primary, Lincolnshire

“Mrs Tuck, the Head Teacher loved the slideshow effect; overall she was very impressed and I think **it looks great** too!”

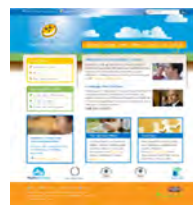

Karen Ferguson, School Administrator

Allerton Grange Secondary, Leeds

“All of the people we have dealt with at Green schools Online have been extremely efficient, pleasant and **helpful**. The service provided is second to none and they are a pleasure to deal with.”

Garth Watson, Advanced Skills Teacher

Portesbery Special Needs, Surrey

“The site looks **fantastic!** I presented it to a group of parents at a meeting last night and they were all really enthusiastic about it.”

Neil Thomas, ICT Manager
